

AMENDMENTS

The following listing of Claims will replace all prior versions and listing of claims in the application.

1-6 (cancelled)

7. (previously presented) The apparatus of claim 8, wherein the apparatus is an All-in-One machine.

8. (currently amended) Apparatus for scanning an image and printing copies of the image on a sheet, the apparatus comprising:

a scan module;

a print module;

an input device for allowing at least a first photo size, a second photo size, and a Photo Package entry ~~a standard photo size~~ to be selected; and

a controller for causing the scan module to scan the image, the controller automatically determining actual size of the scanned image, generating first scanned image copies that are scaled to the first selected photo size and that are positioned to utilize maximum printable area on the sheet, and causing the print module to print the first copies on the sheet, ~~wherein the input device also allows a Photo Package entry to be selected,~~ and

wherein the controller is configured to, when the Photo Package entry is selected, generate second scanned image copies that are scaled to the second photo size and causes the scan module print module to print the second copies of a different photo size on an additional sheet when the Photo Package entry is selected.

9. (previously presented) The apparatus of claim 8, wherein the input device prompts for additional standard sizes.
